6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Monday 17th June 2013

8.30am 9.00am	**Registration with arrival tea and coffee**			
	Energy & Technology *Brighton Room*	**Local Government/ Business Leaders and Sustainable Development** *Hampton Room* Session Chair: Stuart Gibb	**Waste Management** *Alfred Square Room*	**Workshop 1** *Williamstown Room*
9.00am 9.30am	**Talking buildings - the future for occupant engagement in our built environment** Mr Pete Tickler, Director, Greensense	**The Social Sustainability Imperative. Exploring the Social Sustainability of Local Councils in Australia** Mr Mark Boulle, Lecturer and PhD candidate, Central Queensland University	**Waste Diversion DC - A Clinton Global Initiative University Project 2012/13** Ms Manmeet (Poonam) Sandhu, The George Washington University, **USA**	**Avoid the Pitfalls, Celebrate the Successes – Stories from Not for Profit Leaders** Ms Shasi Johnston, Managing Director, Coefficiency Ms Susannah Wallman, Sustainability & Strategy Consultant, Coefficiency Mr Matt Clear, Manager of Community Relations, Connections UnitingCare
9.32am 10.02am	**Sustainability as a catalyst for innovation** Mr David Cooper, CTO Public Sector, Asia Pacific and Japan, Hewlett-Packard (HP) Enterprise Group	**Sustainable built environments require meaningful metrics for sustainable procurement** Mr David Baggs, CEO & Program Director, Global GreenTag Pty Ltd	**Engaging on Waste - Developing Strategies that Work to Minimise Waste** Ms Ellen Regos, Project Officer, Metropolitan Waste Management Group	
10.04am 10.34am	**Local Economic Opportunity for Telework and Home-based Business in a Post-Broadband Environment** Mr Larry Quick, Civic Strategist, Australia Beyond Broadband	**Sustainable Investment Guidelines - linking sustainability into the investment decision** Mr Ed Brown, Associate Director, AECOM	**The Science of Litter** Mr Peter McLean, Chief Executive Officer, Keep Australia Beautiful National Association	

6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Monday 17th June 2013

10.34am 11.00am	**Morning Tea with Exhibitors & Poster Presenters**			
	Energy & Technology *Brighton Room*	**Local Government/ Business Leaders and Sustainable Development** *Hampton Room*	**Sustainability Issues** *Alfred Square Room*	**Workshop 2** *Williamstown Room*
11.00am 11.30am	**Zero Capex Solar Power for Business & Government** Mr Hamish Wall, CEO, Solmessis	**Sustainability is the biggest opportunity and challenge that business faces** Mr Tim Cotter, Regional Manager, AusIndustry	**Realising emissions reductions - The success of a multi-pronged approach** Mr Hugh Butcher, Greenhouse Programs Leader, Yarra City Council	**Having a real go at sustainability!** Mr Howard Nielsen, Principal Consultant, NACC Sustainability
11.32am 12.02pm	**The Third Industrial Revolution - Independent Distributed Energy and Transport Systems** Mr Colin Gillam, Managing Director, Surpass Energy	**Change… Lack of… a standard definition for sustainability, boundaries and policies that incentivise the end users and manufacturers, and unified carbon metric** Dr Jeya Bavan, Team Leader - Buildings Applied Research and Sustainability, AECOM	**Leading and Learning for Sustainability** Ms Susan Germein, Consultant, Rivers Learning. Ms Gitanjali Bedi, Swinburne University of Technology	
12.04pm 12.34pm	**Energy and IEQ Cost Savings Arising from Office Building Sustainability Upgrades** Dr Vyt Garnys, Managing Director and Principal Consultant, CETEC Pty Ltd	**Oikos/Ethos: the entanglement of economics and ethics in sustainable collaborations between business, government and education in Auckland** Prof Charles Walker, Co-Director, CoLab Auckland University of Technology	**The Garden of Villages - a new approach to Regional Development in Peri Urban Areas** Mr Tim Bennett, Managing Director, Managed Growth	

6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Monday 17th June 2013

12:34pm 1:30pm	**Lunch with Exhibitors & Poster Presenters**			
	Working with Climate Change *Brighton Room* Session Chair: Nicholas Fleming	**Going Beyond Green** *Hampton Room*	**Sustainability Issues** *Alfred Square Room* Session Chair: Jacqueline Fegent-McGeachie	**Workshop 3** *Williamstown Room*
1.30pm 2.00pm	**Responding to emerging challenges** Ms Philippa Charlton, Team Leader Sustainability and Environment, MWH Julia Agostino Manager Regional Partnerships, La Trobe City Council	**Landfill Carbon Pricing – revenue and risk** Mr Mike Ritchie, Company Director, Mike Ritchie and Associates Pty Ltd	**Green Teams that Work** Mr Mark Boulet, Manager - Green Steps program, Monash Sustainability Institute	**One Hour for One Planet** Mr Ed Cotter, Managing Director, BioRegional Australia
2.02pm 2.32pm	**Delivering large scale retrofit of homes: global case studies on what works** Ms Joan Ko, Senior Consultant, Arup	**Assessing whether or not Greenhouse Gas emissions trading has been a success in Europe and the United States** Mr Neale Wardley, Researcher, Victoria University	**People and Change: the path to sustainability** Mr Ian McBurney, Owner, Live Ecological	
2.34pm 3.04pm	**Utility control to consumer choice: a new path for 'smart meters'** Mr Murray Hogarth, Director of Sustainability and Community, Wattwatchers PL	**Clean and Yellow: Solar Power for Electric Cars** Mr Malcolm Green, Renewable Energy Project Designer, Electron Sun	**Making the best use of high speed broadband to increase your sustainability and profitability** Dr Ronald Aspin, Senior consultant, Aspin Group P/L	
3.04pm 3.30pm	**Afternoon Tea with Exhibitors & Poster Presenters**			

6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Monday 17th June 2013

	Working with Climate Change *Brighton Room*	Transport and Logistics *Hampton Room*	Sustainability Issues *Alfred Square Room*	Workshop 4 *Alfred Square Room*
3.30pm 4.00pm	**Local Councils responding to Climate Change - just don't call it adaptation or mitigation!** Mr Peter Maganov, Manager, Sustainability and Strategic Waste, Randwick City Council	**RACV Noble Park Staff Travel Strategy** Ms Sarah Mahmoud, Senior Public Transport and Mobility Officer, RACV	**Townsville Smart City Solar City - a fundamental transformation in the way business and citizen engagement occurs and is conducted** Mr Greg Bruce, Executive Manager, Townsville City Council	**Embedding Sustainability In Organisational Culture** Mr Tim Cotter, Owner, Awake
4.02pm 4.32pm	**Climate impacts– analysing infrastructure interconnectivity and flow-on effects for Australian cities** Ms Nicki Hutlley, Chief Economist, KPMG Ms Stella Whittaker, Senior Executive, Manidis Roberts	**A look in to the future: seamless transport services** Ms Monique Conheady, Founder, Flexicar	**Packaging megatrends – imagining a packaging transformation that puts sustainability at the centre of decision making** Nathan Robertson-Ball, Consultant, Banarra Mr Brett Giddings, Manager, Australian Packaging Covenant	
4.34pm 5.04pm	**Councils & Suburbs Will Become Energy COOPS?** Mr Roy Ramage, Economic Development Officer, City of Victor Harbor	**Reducing transport emissions – so many problems – one successful solution: Report on a study of Queensland motorists trained in eco-driving** Ms Genevieve Graves, Manager, Sustainable Transport, RACQ	**"Architectural Greenery" for wiser urban design** Mr Geoff Wilson, Director and editor, Aquaponics Network Australia	
5.30pm 7.30pm	**Welcome Reception** **Location: TBC**			

6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Tuesday 18th Junes 2013

8.00 am 8.45am	**Registration with arrival tea and coffee**
8.45am 9.00am	Welcome Address
9.00am 9:30am	***Bridging the gap – from policy aspirations to transformative, on-ground action*** **Nick Fleming**, Chief Sustainability Officer, Sinclair Knight Merz
9.30am 10.00am	***What Employees Want: Green offices, better facilities, leadership and green knowledge is just the start.*** **Melissa Houghton**, Director, Sustainability at Work
10:00am 10:30am	***Conversation with the future. The Sustainable Australia Report*** **Professor John Thwaites** , Chair, Monash Sustainability Institute & ClimateWorks Australia
10.30am 11.00am	**Morning Tea with Exhibitors & Poster Presenters**
11.00 am 11.30am	***Food Waste Opportunities in the Supply Chain*** **Mr Simon Lockrey**, Research Fellow, Sustainable Products and Packaging, Centre for Design, RMIT University
11.30am 12.30pm	*Moderated Panel Discussion with keynotes and Q&A from delegates*

6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Tuesday 18th Junes 2013

12.30pm 1.30pm	**Lunch with Exhibitors & Poster Presenters**
1.30pm 2.00pm	**Liveable and Sustainable Cities: Where does human health fit?** **Prof Antony Capon,** MBBS PhD FAFPHM, Head, Discipline of Public Health, University of Canberra
2.00pm 2.30pm	**Everybody Deserves a Place ...on the street ...at the festival ...in their neighbourhood. Tools for Shaping an Age Friendly Community** **Angela Hazebroek,** Director, Urban and Regional Planning Solutions
2.30pm 3.00pm	***The Better Block Project*** **Jason Roberts,** Co-Founder, Better Block, USA
3.00pm 3.30pm	**Afternoon Tea with Exhibitors & Poster Presenters**
3.30pm 4.00pm	***Getting the Density Right to make Cities Liveable*** **Professor Billie Giles-Corti**, Director, McCaughey Centre, Melbourne School of Population Health The University of Melbourne
4.00pm 5.00pm	*Moderated Panel Discussion with keynotes and Q&A from delegates*
5.00pm 6.00pm	**Networking Drinks - Sponsored by Aurecon** Address by: Ms Kate Wickett, Associate, Environment & Advisory Services, Aurecon

Sponsored by

Australian Government
Department of Climate Change and Energy Efficiency

aurecon

6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Wednesday 19th June 2013

8.30am 9.00am	**Registration with arrival tea and coffee**				
	Challenges and Solutions: Developing Healthy Cities *Brighton Room* Session Chair: Kirsten Potoczky	**Connecting People and Places** *Hampton Room*	**Government, Business Leadership - Education for Behaviour Change** *Alfred Square Room* Session Chair: Stuart Gibb	**Community Health and Accessibility** *Williamstown Room*	**Food Security - Urban Agriculture** *Middle Park*
9.00am 9.30am	**Growing Healthy Cities in Australia: challenges and solutions** Ms Gwyn Jolley, Deputy Chair, Healthy Cities Onkaparinga	**Adopting interaction design thinking within place making: the case of affordance when designing walkability** Mr Mark Andrew, Consulting Human Factors Engineer, Scenario	**Leadership for complex systems: a public sector case study** Mr Robert Perey, Director, Knowledge.Index. Ms Louise Metcalf, Director, Pax Leader Labs	**Planning Positively for an Ageing Population in New Zealand** A/Prof Caroline Miller, Associate Professor, Massey University, **NZ**	**Growing cities from within: urban agriculture in inner Brisbane** Dr Marci Webster-Mannison Director, University of Queensland
9.32am 10.02am	**A prototype for 21st Australian Sustainable City - City of Masdar** Mr Sasha Ivanovich, Architect, SIA Architects Pty Ltd	**Online walking maps, social media and walkable communities** Dr Ben Rossiter, Exective Officer, Victoria Walks	**Embracing Rigour - Developing a Community Engagement Framework for Strategic Urban Planning** Ms Suzanne Barker, Director, Town Matters Pty Ltd	**Healthy Active by Design** Mr Chris Melsom, Principal, HASSELL Mr John Miller, Principal, HASSELL	**Food in the City: How misunderstandings and knowledge gaps fuel food insecurity** Dr Bethaney Turner, Lecturer, University of Canberra
10.04am 10.34am	**Urban jungles: Making cities healthy places for Australians with neurodiversity** A/Prof Kathi Holt-Damant, Associate Professor, Queensland University of Technology	**Public transport infrastructure – transforming cities** Ms Sarah Tasic, Senior Planner and Ms Melanie Koerner, Associate, Arup	**Where are we on the journey to Sustainable Procurement for Liveable Cities?** Ms Kate Wickett, Associate, Aurecon	**Our Youth Are in Crisis 5 biggest challenges in designing a better future for our young people** Mr Simon Oxenham, Managing Director, Convic Design	**Food Security - Building the Local Picture** Mrs Amanda Stirrat, Health and Well being Officer, City of Greater Geelong

6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Wednesday 19th June 2013

10.34am 11.00am	**Morning Tea with Exhibitors & Poster Presenters**				
	Challenges and Solutions: Developing Healthy Cities *Brighton Room* Session Chair: Suzette Jackson	**Connecting People and Places** *Hampton Room* Session Chair: Kirsten Potoczky	**Government, Business Leadership - Education for Behaviour Change** *Alfred Square Room*	**Community Health and Accessibility** *Williamstown Room*	**Healthy Urban Design - Natural Resource Management** *Middle Park* Session Chair: Susan Thompson
11.00am 11.30am	**Super Sydney, Articulated Metropolitan Desires**	**Urban Reform - delivering successful infrastructure to connect people, jobs, goods and services**	**The Healthy Built Environments Program: Working together to break down health and planning silos**	**Accessibility - Not so Challenging (if planned for)**	**5 steps to creativity and innovation in building design**
	Mr Timothy Williams, Director, Tim Williams Architects	Ms Alexandra Harrington, The Warren Centre for Advanced Engineering	A/Prof Susan Thompson, University of NSW. Ms Rhonda Matthews, NSW Ministry of Health	Mr Richard Seidman, Director, iAccess Consultants	Mr Alex Hole, Group Leader Mechanical & ESD, JHA Consulting Engineers
11.32am 12.02pm	**Why A Smarter City = A Sustainable City**	**The Streets that Make Kids Wii**	**Liveability Indices – an expats lonely planet guide or a facilitator of change?**	**Children in the city: why it is important that we create opportunities for play in urban environments**	**Modelling Urban Growth Futures within Inner Metropolitan Melbourne**
	Mr Nigel Broomhall, Energy & Utilities Industry Solution Executive, IBM, **New Zealand**	Mr Steven Burgess, Principal, MRCagney	Mr Jeff Lassen, Principal, Synergies Economic Consulting	Ms Kate Luckraft, Studio Director, ASPECT Studios	Miss Yolanda Esteban, Lecturer in Architecture and Urban Design, Deakin University
12.04pm 12.34pm	**Strategies for creating productive and liveable knowledge cities**	**Making more of streets**	**Community Consultation for Optimum Development Outcomes**	**You are old Father William: Myths and Realities of Active City Lifestyles for an Aging Population**	**The Opportunities and Challenges of designing Sustainable Precinct Infrastructure**
	A/Prof Robert McGauran, Director, MGS Architects and Mr Evan Granger Urban Planner, MGS Architects	Ms Helen Day, Studio Director and Ms Kirsten Bauer, Director, ASPECT Studios	Mr Ned Wales, Bond University. Mr Tom Bulic, Architect, to_make Ms Susanne Taylor, SMEC Services	Mr Crosbie Lorimer, Director, CLOUSTON Associates	Chris Buntine, Senior ESD Engineer, Aurecon

6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Wednesday 19th June 2013

12.34pm 1.30pm	**Lunch with Exhibitors & Poster Presenters**				
	Challenges and Solutions: Developing Healthy Cities *Brighton Room*	**Public Spaces** *Hampton Room*	**Regional Cities and Interconnectivity** *Alfred Square Room*	**Community Health and Accessibility** *Williamstown Room* Session Chair: Bhishna Bajracharya	**Healthy Urban Design - Natural Resource Management** *Middle Park*
1.30pm 2.00pm	**A Case for Healthy, Green and Affordable, Community Buildings** Mr Jack Noonan, Marketing and Relationship Manager, CETEC Mr Charles Nilsen, City of Monash	**Desegregating urban space in the age of sharing** Mr Jonathan Daly, Team Leader, Behavioural Design, GHD	**Made in Australia: The Future of Australian Cities** Dr Julian Bolleter, Assistant Professor, Australian Urban Design Research centre	**Assessing Accessibility Collaboratively** Ms Mary Ann Jackson and Mr Ralph J. Green, Visionary Design Development Pty Ltd	**Resource Intensity and Next Generation Urban Infrastructure** Mr David Jarratt, Director, WSP Built Ecology
2.02pm 2.32pm	**Delivering sustainable precincts: what has worked, what hasn't and where to next** Mr Peter Steele, Senior Consultant - Sustainability & Climate Chang, AECOM	**Place Quality Assessment Tool** Mr Simon McPherson, Director, SJB Urban. Miss Lauren Clerey, Urban Designer, SJB Urban	**Places Not Yet Realised recapturing patterns from the past to inform possibilities for progress** Mr Tony McBurney, Director, integratedDESIGNgroup	**A Framework for Creating Active and Healthy Communities: A Case Study of Gold Coast** Dr Bhishna Bajracharya, Associate Professor of Urban Planning, Bond University	**Monumentalism versus Organic growth in Christchurch, is there a solution to allow both?** Mr Shaun Hardcatle, Technical Director, Auercon, **New Zealand**
2.34pm 3.04pm	**Vitality & Viability: recipe for a liveable city** Mr Richard Brecknock, Director, Brecknock Consulting	**Streets For People: Making Monash Liveable** Mr Charles Nilsen, Manager Urban Design + Architecture, City of Monash	**Adaptation and Regeneration of Regional cities - the place to be** Ms Suzette Jackson, Director, Innate Ecology	**How might we create healthy communities within and beyond the workplace?** Beth Worrall, Senior Sustainability Manager, Bupa, **United Kingdom**	**Informed Design Thinking** Ms Diana Griffiths, Senior Associate, Arup
3.04pm 3.30pm	**Afternoon Tea with Exhibitors & Poster Presenters**				

6th Making Cities Liveable Conference

in conjunction with the

Sustainable Transformation Conference

Conference Program - Wednesday 19th June 2013

	Challenges and Solutions: Developing Healthy Cities *Brighton Room*	Public Spaces *Hampton Room*	Regional Cities and Interconnectivity *Alfred Square Room*	Population growth *Williamstown Room*	Healthy Urban Design - Natural Resource Management *Middle Park*
3.30pm 4.00pm	**"Using less, paying more" Making the case for water efficiency in Australia** Ms Cilla de Lacy, Water Services Association of Australia	**Healthy Cities: Inclusive Design beyond Accessibility** Mr Tobias Volbert, Landscape Architect, Playscape Creations	**Sustainability Mapping and GeoDesign - Combining Commercial and Open Source Tools to Help Communities Plan Future Scenarios** Mr Ken Wall, President and CEO, Geodata Services, Inc. **USA**	**Living with Density** Mr Ben Giles, Principal, Ben Giles Architect	**Environmental Design for Better Community Health – An Ambitious Big Picture Approach** Mr Alastair Leighton, AECOM Australia Pty Ltd
4.02pm 4.32pm	**To create a world without waste** Mr Adam Johnson, Garbologie	**Whose Living Room Is It? How local views of the role of their 'living room' shape the way local planning for public places** Mr David Coleman, Senior Specialist - Policy, Whangarei District Council, **NZ**	**Local communities shaping their future: how a small rural council is working with, rather than 'doing to' local communities** Mr Glenn Menner, Manager Community Development, Mount Alexander Shire Council	**LIVEABLE- "Evolving the density models to address our growing pains"** Mr Nathan Islip, Team Leader - Urban Design, City of Casey. Mrs Yogeshwari Biju, Senior Urban Designer, City of Casey	**Catalytic change - a review of the impact light rail is having on the City of the Gold Coast and lessons for other city's** Mr Dan Barr, Senior Project Officer, Gold Coast City Council
4.34pm 5.04pm	**Regional collaboration for integration of urban and water planning** Ms Nicole Sexton, Senior Strategic Planner, Barwon Water	**The rise of security fences around Australian public schools – Blocking the pathway to social sustainability** Dr Tonya Rooney, Adjunct Professional Associate, University of Canberra	**Mulataga Community Consultation Process, a Key Component to Developing Liveable Communities in regional areas** Mr Kim Lawrance, Mirvac Pty Ltd	**Will urbanisation break the big cities?** Mr Colin Dominish, Industry Director for Communications and Utilities, Aurecon	**The Role of the Affordable Housing Sector in Urban Sustainability** Prof George Earl, Dean, Institute Sustainable Development & Architecture, Bond University

Conference Program - Poster Presentations

Poster Presentations - Poster displays will be available to view for the duration of the conference.

2Loud? Monitoring traffic noise with mobile phones
Dr Simone Leao, Lecturer in Urban Technologies, Deakin University

A Country of Flightless Birds, But Why aren't we Walking? Challenging the Pedestrian Design Process in New Zealand.
Mr Michael Lowe, Graduate Architect, Victoria University Wellington

An Evaluation of Revitalization projects in Traditional Retail Market for a decade in South Korea
A/Prof Keong-Gu Hong, Professor, Daegu University in South Korea

An LCC Analysis of Riverside Trails - Comparing Cement Concrete and Gravel Pavements of Trails in Hak-eui Stream, Korea
Miss Ok-Hyun Choi, Researcher, Korea Environment Corporation, Department of Lands

Australia's cities in the 21st century - liveable, sustainable, resilient
Mr David Singleton, Director | Global Leader, Planning, Arup

Bike Paths Making Cities More Liveable - An Inventory of Urban Bike Paths in Korea and Up-Lift Proposal
Mr Tong-Mahn Ahn, Professor, Seoul National University

Car Dependency and Living in the Outer Suburbs- correlates of physical activity from transport in Melbourne
Dr Margaret Beavis, GP, Wynlorel General Practice

Contested Urban spaces within the City of Perth. Towards making Perth more liveable: With special reference to planning, urban Design and statutory implementation
Dr Edward Andre, Senior Lecturer, Edith Cowan University

Future Healthy Cities of the Developing Countries
Mr N.M.Esa Khan, Architect, City University of New York

Conference Program - Poster Presentations

Going from the building to the precinct
Ms Joan Ko, Senior Consultant ,Arup

Integrated Modification Methodology (I.M.M) for a more sustainable, liveable and responsible city. The case study of Timisoara (Romania)
Miss Amanda Daysh, Architectural Engineer, Politecnico di Milano

Investigating the effect of climate on process design of Iran's urban spaces
Miss Leila Rasouli, Student, Iran Young Researchers Club, Islamic Azad Uni

Less is more. A case for smaller houses.
Ms Lea Durie, Senior Project Manager, Land Development Agency

Liveable Cities - Liveable Centres
Ms Maryann Strickling, Urban Designer & Landscape Architect, Maryann Strickling Urban Design + Landscape Architect

Logic, Liveability and Environmental-Economic Accounting
Mr Robert Cooper, Senior Principal Landscape Architect and Urban Design, Spiire Australia Pty Ltd

Making cities liveable: As do humans so do cities have to live and to breathe. Stated this way "making cities liveable" has regard to cities on an interactive and reciprocal rights basis, which provides a new and functional model of city planning and design
Dr John Myers, Director, Wellspring's Universal Environment P/L

Nature and sustained social activity in public space
Miss Ensiyeh Ghavampour, Student, Victoria University of Wellington

Possible impacts of MRT in Case of Dhaka as an element of urban form, mobility and efficiency
Mr Fahmid Ahmed, PhD Candidate, University of Adelaide

Scale for Life
Mr Peter Stevens, PhD Scholar, Tom farrell Institute for Sustainable Futures

Conference Program - Poster Presentations

Status of Sydney's Agriculture – 2011
Mr Andrew Docking, Resource Management Officer, NSW Department of Primary Industries

Streets as public space: Effects of 'Shared Space' road designs on safety and mobility
Dr. Jessica Edquist, Research Fellow, Monash University

Sustainable Community Design Strategies in the USA
Prof. Margarita Hill, Landscape Architecture Department, California Polytechnic State University, **USA**

Sustainability in Public Space and the changing view of nature
Miss Ensiyeh Ghavampour, Student, Victoria University of Wellington

Sustainability Issues of mass High-rise apartment buildings in the present context of Dhaka
Mr Fahmid Ahmed, PhD Candidate, University of Adelaide

Sustainability of liveable cities: A System of Evaluated Decisions as part of the Seven Noachide Laws to ensure Rights are respected and Law and justice are upheld for the benefit of all
Dr John Myers, Director, Wellspring's Universal Environment P/L

Sustainability of liveable cities: Australian Health Ambassador AHA "Good noW!"® Schools Charity Program empowers Children to create a liveable and sustainable world by increasing compassion by donating ten cents per child per week and there is an active role for pets as well.
Dr John Myers, Director, Wellspring's Universal Environment P/L

Sustainability of liveable cities: Changes to how we greet one another. To "g'day" add and instead of "good bye" say "Good noW!"®.
Dr John Myers, Director, Wellspring's Universal Environment P/L

Sustainability of liveable cities: opportunity for the Elderly and Disabled requires Law review and enactment and A System of Evaluated Decisions to ensure Rights are upheld and not denied
Dr John Myers, Director, Wellspring's Universal Environment P/L

The Effect of Urban Road Network Structure on Pedestrian Safety
Mrs Rahil Saeidi, Student, Shomal University

The Fabric of the Liveable City: The artisan city of Zanzibar's Stone Town
Mr Louis Wright, Lecturer, Urban Research Group, University of Pretoria

Conference Program - Poster Presentations

Transect Approach- A tool for Sustainable Urban Planning
Dr Jothilakshmy Nagammal, Professor, Sathyabama University

Urban growth in arid environments: Developing water sustainability indicators for Abu Dhabi (UAE)
Mrs Huda Alsalmi, Student, Deakin University

Urbanization Versus Water Urbanism in case of Dhaka Bangladesh
Mr Fahmid Ahmed, PhD Candidate, University of Adelaide

Would we know it if we were getting there - an analysis of jurisdictional State of the Environment (SoE) reporting and its capacity for informing our progress toward sustainability
Mr Peter Maganov, Manager Sustainability and Strategic Waste, Randwick City Council
